3. The serial number of your HOVERAir device is crucial for using HOVERCare. Please keep the serial number in a safe place. If your HOVERAir device serial number is lost or stolen, you will bear the corresponding consequences and responsibilities, including the loss of rights to access HOVERCare Services.

Personal information includes but is not limited to your name, telephone number, email address, and address. Device information includes but is not limited to your HOVERAir device model and serial number, settings data, and flight operation data.
5. Before returning your HOVERAir device for HOVERCare services, please back up and/or delete all data installed or recorded on your HOVERAir device, including but not limited to images, videos, and third-party software and software packages stored in the built-in memory and SD cards. If you are unable to delete such information, please modify it to prevent others from accessing it or to ensure that it does not qualify as personal data under applicable laws. If you fail to delete such information, Zero Zero will inevitably access this data when providing the Service and may delete it as part of the Service process. Zero Zero shall not be liable for any loss or disclosure of data from any HOVERAir device you have sent back to Zero Zero or any device that has been repaired by Zero Zero.

1.2 Low-Cost Replacement

If you have purchased HOVERCare for a HOVERAir device and activated the Service afterward, and the HOVERAir device bound with the HOVERCare is damaged or flies away during normal use or due to accidents within the Validity Period, you may obtain a well-functioning device from Zero Zero after going through the replacement service procedure.

For Services with a limited number of service times, once a service is provided, one use will be deducted afterward. HOVERCare of the original (replaced) HOVERAir device will be automatically transferred to the replacement HOVERAir device. You can check the remaining service times on the [HOVERCare Information] page in the app.

** If you choose to use the replacement service, Zero Zero will provide a replacement device of the same model as yours, and the replacement device will be brand-new or equivalent to brand-new device in performance and reliability.*

Please be sure to return all covered components of the HOVERAir device when you apply for the Damage Replacement service. If any or all of your covered components are lost, you will not be able to apply for the Damage Replacement service.

To make sure that your HOVERAir device can enjoy the Flyaway Replacement service, please enter [My HOVER] in HOVER X1 app to connect your app account with the device as soon as possible. If the HOVERAir device that is not associated or bound or either association or binding is cancelled once done, you will not be able to apply for the Flyaway Replacement service if the flyaway incident occurs.

If you apply for the Flyaway Replacement Service, you need to contact support@hoverair.com and submit a Flyaway Report. After the Flyaway report is submitted, the use of the flyaway HOVERAir device will be restricted. Upon payment for the Flyaway Replacement Service, ownership of the flyaway HOVERAir device will be transferred to Zero Zero, and the submission of the Flyaway Application cannot be cancelled. If you retrieve the device again, please return it to Zero Zero immediately.

1.3 Express Replacement Service

HOVERCare Replacement services come with Express, which means a replacement HOVERAir device will be shipped to you shortly after the damaged HOVERAir device is shipped out (for Damage Replacement services).

If there are suspected abnormal service cases associated with your account, Zero Zero reserves the right to cancel your Replacement Express service, meaning the replacement HOVERAir device will be shipped out after receiving your eligible HOVERAir device return.

HOVERAir devices and accessories specified in these terms sent along for repair are entitled to exclusive discounts if they are damaged during the Validity Period under normal use or due to an accident.
